

Job Title: Genetics Manager, AMS Genetics International, LLC / AI Total US, Ltd.
Last Update: December 5, 2024
Reports to: Jan de Vries, General Manager, Genetics Consolidated and
Jennifer Dingbaum, Business Operations Manager, Genetics Consolidated US

AMS Genetics International, LLC and AI Total US, Ltd. are members of the Genetics Consolidated Group. Other brands in this group include companies such as Eurogenes, AI Total B.V. and Diamond Genetics. Genetics Consolidated is a global business with over 30 employees exporting product to more than 50 countries. The group includes a worldwide nucleus of high-value genetic dairy females, its own IVF center and distribution offices in various countries. Genetics Consolidated has a strong and important U.S. affiliate operating in Hudson, Wis. Genetics Consolidated Group is a proven genetics company in the marketplace and is steadily growing and developing in the dynamic world of dairy genetics. Genetics Consolidated is looking for a talented and enthusiastic individual to take leadership and promote growth across our brands. Due to growth of the business and a planned retirement, this position has come available. Our team and our people are the cornerstone to our success, join us!

Selection qualities looking for in the individual:

1. An enthusiastic team member that is a self-starter
2. Assertive in daily conversations; willing to negotiate
3. High-level of knowledge about Holstein genetics and other dairy breeds (beef breeds is a plus)
4. Good communication skills
5. Ability to uphold the image of the company and be an asset to the team

Job duties will consist of the following but not limited to:

1. Analyze weekly list and aggressively source bulls for AI Total BV and clients internationally
2. Manage bull contracts
3. Oversee bulls available through AiDol+/ERS program in the US
4. Client tours and embryo sourcing
5. Act as an ambassador for AMS Genetics and other brands within Genetics Consolidated.

Compensation:

1. Competitive salary and benefits
2. Professional development and mentoring/coaching program
3. Flexible work environment, focused on work-life balance
4. Part-remote available

AMS Genetics International LLC is an Equal Opportunity Employer.
